

The Shrubbery Curriculum

The Shrubbery School follows the National Curriculum in English and Mathematics and uses a creative curriculum to inspire youngsters to learn.

Subjects taught in school include:

Literacy

Numeracy

Modern Foreign Languages (French Year 3-4) Italian (Year 5-6)

RE

PSHE

Art, Design and Technology

Computing and e-safety

History and Geography

PE and Games

As children progress through the Junior School, Verbal and Non-verbal reasoning is introduced to promote problem solving strategies. These skills are useful for children sitting grammar school entrance examinations but also are good for vocabulary building and critical thinking.
