30th January 2018

Dear Parents

On Friday in assembly, we met Julie from the charity LEpra.

The children heard how leprosy is a terrible disease which changes people's lives through inability to see, use their limbs and suffer prejudice. Leprosy is a treatable and preventable disease and LEpra work to help with medicines and education.

Julie asked if the children could take home sponsor forms and then join in a sponsored keep fit session on Thursday February 15th. There is no obligation to raise money if you do not wish to and all children can take part in the keep fit sessions regardless.

We supported LEpra in 2013 and raised an amazing £3000! If we come anywhere near to this target we will be proud.

Our children learn in school about the United Nations Rights of a Child that every child has the right to good health and they were very interested in LEpra's work.

A sponsorship envelope should come home with your child.

Yours sincerely

Mrs H Atkins
