March 2018

Dear Y3 to Y6 Parents

School lunches for the Summer Term – April to July 2018

If you would like your child to have school meals after the Easter Holiday then please complete the slip below with any dietary requirements your child has and return it with a cheque for £142.50 payable to AIP Ltd, to the school office, alternatively you can pay by card via the school office.

The menu remains the same and is available with dates to view on our school website. We offer a meat option and vegetarian option as well as a vegetarian jacket potato or pasta option and we will continue to serve a selection of sandwiches. Children go in for lunch on a rota basis and we will ensure there is a choice for all children.

Children from Rec to Y6 follow a “choose on the day” system for school meals and catering staff will encourage children to experiment whilst managing their choices to ensure they get a balanced meal. Schools have a unique role in helping children learn and develop good healthy eating habits for life, creating happier, healthier adults of the future and choosing their own food at lunchtime is part of this process. Please take the time to discuss the menu with your child and the importance of making healthy choices.

School lunches for children in Y3-Y6 are currently optional and are charged at £2.50 per day. However from September 2018 school lunches for all children from Reception to Y6 will be provided for within your school fees.

Please return forms and payments to school by Friday 16th March 2018.

Yours sincerely

AIP Ltd/The Shrubbery School

School Lunches

Child's name..... Class.....

Details of specific dietary requirements on health or faith grounds – i.e. Vegetarian/vegetarian but eats fish
